Sound : In the 1920s, the development of electronic sound recording technologies made it practical to incorporate a soundtrack of speech, music and sound effects synchronized with the action on the screen.citation needed The resulting sound films were initially distinguished from the usual silent moving pictures or movies by calling them talking pictures or talkies.citation needed The revolution they wrought was swift. By 1930, silent film was practically extinct in the US and already being referred to as the old medium.citation needed

Education and propaganda Main articles: Educational film and Propaganda film. Film is used for a range of goals, including education and propaganda. When the purpose is primarily educational, a film is called an educational film. Examples are recordings of academic lectures and experiments, or a film based on a classic novel. Film may be propaganda, in whole or in part, such as the films made by Leni Riefenstahl in Nazi Germany, US war film trailers during World War II, or artistic films made under Stalin by Sergei Eisenstein. They may also be works of political protest, as in the films of Andrzej Wajda, or more subtly, the films of Andrei Tarkovsky. The same film may be considered educational by some, and propaganda by others as the categorization of a film can be subjective.

Impact of the COVID-19 pandemic on cinema : The COVID-19 pandemic has had a substantial impact on the film industry in 2020 and 2021, mirroring its impacts across all arts sectors. Across the world and to varying degrees, cinemas and movie theaters have been closed, festivals have been cancelled or postponed, and film releases have been moved

to future dates or delayed indefinitely. Due to cinemas and movie theaters closing, the global box office has dropped by billions of dollars, streaming has seen a significant increase in popularity and the stock of film exhibitors has also dropped dramatically. Many blockbusters originally scheduled to be released since mid-March 2020 have been postponed or canceled around the world, with film productions also halted. This, in turn, has created openings for independent cinema productions to receive wider exposure.<sup>1</sup>
